The hot jib is a CERTIFIED hot tool for holding energized power lines.

Specs:

- Capacity = same as OEM
- Weight = Varies with model, 36-60 lbs
- Clear Span Insulation = Varies with model, 28-36"
- Vertical Load Capacity = same as OEM
- Interchangeable with existing hydraulic/manual extendable jibs
- Steel components are plated for rust protection

Hot Jib is sealed with LineWise desiccant canister system which traps moisture and prevents contaminants from entering the jib, keeping the inside clean and dry.

Desiccant is easily re-freshened

Available in 3 sizes:
round, square and rectangular

「Hot Jibs meet or exceed」
| ASTM F711 |
| OSHA 1926.957 |
| WAC 296-45-305 |
