

A low-angle photograph of a hydraulic line lifter against a blue sky with scattered white clouds. The lifter consists of a blue base, a white vertical mast, and a red hook at the top. Several steel cables are attached to the mast and extend upwards. The background is a vast sky filled with soft, white clouds.

Hydraulic Line Lifter-10-8000

254-757-1177 | sales@line-wise.com | line-wise.com

SPECIFICATIONS

Total unit weight (Approx.)	
HLL-10-8000 with skid	2393 lb (1085 kg)
HLL-10-8000 w/o skid	1376 lb (624 kg)
Capacity	up to 8000 lb (1814 kg)
Transverse Horizontal Load Capacity	Capacity per phase
Single Phase Attachment	600 lb (272 kg)
Double Phase Attachment	300 lb (136 kg)
Phase Spacing	
Dual Wire Holder	18" (457 mm)
Overall Length	18' 4" (5588 mm)
Clear Span Fiberglass	10' (3048 mm)
Articulation	120 degrees
Hydraulic	Yes
Mounting	Boom Truck/Crane

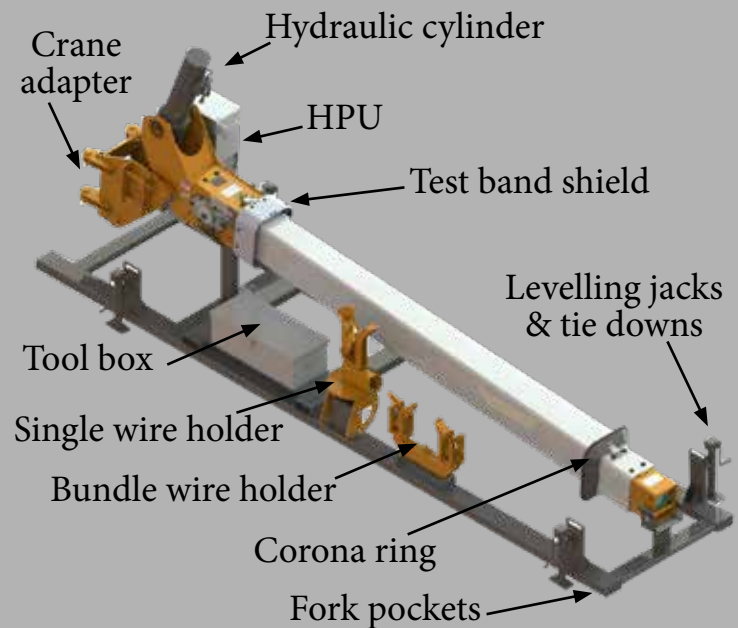

OPTIONS

- Operational by hydraulics on crane
- Current leakage monitor system
- Fully covered skid

FEATURES

- Self-contained hydraulic power unit (HPU)
- Hydraulic articulation
- Corona ring
- Test band and test band shield
- Operated by radio remote control
- Works within the load and stability capabilities of the crane.
- Completely sealed using the LineWise desiccant canister system
- High strength steel and fiberglass fabrication
- Vinyl cover to protect insulated section included
- Operation, maintenance and parts manual included
- Transportation skid
