OPTIONS

TOW BAR ASSEMBLY

The tow bar assembly helps maintain the balance and alignment of the cart on the conductors. Allows lineworkers to pull or push the cart along the conductors from the ground using a tow rope in a controlled manner.

FEATURES

- Used for bundle spacing of 18" horizontal
- Will work with conductor size up to 2.5"
- Foldable seat
- Toe board around floor
- Bolted together, with each nut and bolt torqued to industry standard
- No welded seams to crack
- 2 safety bars over the conductor
- Non-powered & gasoline-powered option
- 3.2 horsepower gasoline engine
 - includes a transmission with reverse and 2 speeds forward
- 2 wheels are driven with the transmission and drive shafts
- Has throttle control to control drive speed
